

St Augustine of Canterbury PE and Sport Premium 2018/19

Since 2013, the Government have allocated funding directly to primary schools to support the provision of quality PE/Sport. In July 2017, the government increased this amount to enhance the Physical Education and Healthy Lifestyles curriculum. This year, at St Augustine of Canterbury Catholic Primary School, we will receive the increased funding of £17,659.

This initiative has been devised to improve the quality and breadth of PE and sport provision, including increasing participation in PE and sport across primary schools. It is intended that this funding will promote healthy lifestyle choices and give children the opportunities to reach the performance levels they are capable of.

Our Key Priorities:

- To further enhance the provision of PE at St Augustine of Canterbury Catholic Primary School.
- Broaden the sporting opportunities and experiences available to children.
- To engage all children in regular physical activity and promote healthy lifestyle choices.
- To develop a love of sport and physical activity for all children.
- To make improvements to benefit the children who join our school in the future.
- To provide teachers with training and resources to teach P.E effectively.
- To maintain and continue to update equipment available for all children to support their physical education.
- To enhancement extra-curricular clubs with the emphasis on encouraging our less active children to participate.
- To purchase equipment and resources to develop a non-traditional activity, such as Archery.

At St Augustine of Canterbury, we have chosen to use part of the Primary PE and Sport Premium to provide **additional** provision for swimming to those children **who have not yet** made the NC requirements for the end of Key Stage 2. Tracking of children in Year 3 will be completed in **June 2019** and additional use of the funding will supplement those children when they reach Year 6. Also, other children in Year 6 will be pushed to achieve above and beyond the standard NC requirements and will also benefit from the additional top-up lessons.

Please see 2018 October update on the Gov website for more information regarding the use of funding for raising attainment in swimming:

Raising attainment in primary school swimming

The premium can be used to fund the professional development and training that are available to schools to train staff to support high quality swimming and water safety lessons for their pupils.

The premium may also be used to provide additional top-up swimming lessons to pupils who have not been able to meet the national curriculum requirements for swimming and water safety after the delivery of core swimming and water safety lessons. At the end of key stage 2 all pupils are expected to be able to swim confidently and know how to be safe in and around water.

Schools are required to publish information on the percentage of their pupils in year 6 who met each of the 3 swimming and water safety national curriculum requirements. Further details are in the [online reporting section](#).

[Further information on training and resources](#) is available.

What your funding should not be used for

You should not use your funding to:

- employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - these should come out of your core staffing budgets*

- *teach the minimum requirements of the national curriculum - with the exception of top-up swimming lessons after pupils' completion of core lessons (or, in the case of academies and free schools, to teach your existing PE curriculum)*
- *fund capital expenditure*
